

My dear friend,

We have decided to leave for Niagara on Monday next to travel about for 3 weeks or more, and I find I have so little time before me to prepare work for Mr. Tappan & for my assistant and to keep every thing going, that I must give up the pleasure of being introduced to your fine study, till I come back. I will thank you for all assistance you or Mr. Carey will give Charles when he comes for your plants in the garden.

Yours truly

W. H. Cress
